## 0.1 Basic

- Personality
- Scientific work
- Other work
- Communities
- Teaching
- Hobbies

## 0.2 Personality

- Freedom
  - Knowledge should be free
  - Software should be free
  - People should be free
  - Accept choice for non-free
- Freedom is not free

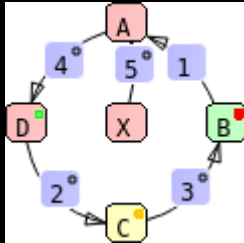

## 0.3 Scientific work

- PhD at COCON, supervised by Rampal Etienne
- VICI: 'On the origin of species assemblages'
- Theoretical work
- Finding my niche
- Can I increase the amount of freedom within the scientific community?
- Do I want to be a member of the scientific community?

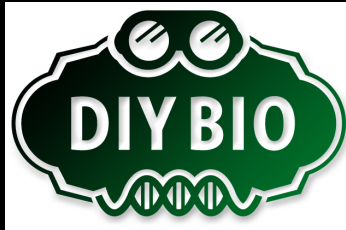

## 0.4 Other work

- Develop open source applications
- C++ training

## 0.5 Communities

- Hackerspace Hive5
- Makerspace DIYbio
- Maakplek ('Makespot')

## 0.6 Teaching

- Arduino course
- C++
- Maker course
- Welding

## 0.7 Hobbies

- Programming, electronics, singer-songwriter, studying, skateboarding, stonecarving, forging, welding, salsa dancing, ballroom dancing, visiting 'weird events'
